BACKGROUND

The Joint Conference is for the fourth time organized in this format. The main goal of this conference is to provide a multidisciplinary forum between researchers from industry and academia to discuss state-of-the-art topics in system theory, control and computing, and to present recent research results and prospects for development in this evolving area.

The ICSTCC conference emerged from the fusion of the three conferences which were separately organized by University of Craiova, Faculty of Automation, Computers and Electronics (SINTES - International Conference on System Theory and Control), "Gheorghe Asachi" Technical University of Iasi, Faculty of Automatic Control and Computer Engineering (SACCS - International Symposium on Automatic Control and Computer Science), "Dunărea de Jos" University of Galați, Faculty of Control Systems, Computers, Electrical and Electronics Engineering (SIMSIS - International Symposium on Modelling, Simulation and Identification Systems). **As well as the previous editions, The 17th International Conference on System Theory, Control and Computing – ICSTCC 2013, is technically co-sponsored by IEEE Control Systems Society and the papers will be submitted to IEEE Xplore.**

ICSTCC 2013 will feature several kinds of presentations including invited and contributed papers, special sessions and poster sessions. The outcome of ICSTCC 2013 can be a better understanding of some leading research areas, as already System Theory, Control and Computing have demonstrated.

PLACE OF THE CONFERENCE

Sinaia is one of the most famous and oldest mountain tourist resorts in Romania, known as "The Carpathian Pearl". Situated in breathtaking mountain scenery, Sinaia is located at 120 km distance from Bucharest, on the Prahova Valley. Blending astonishing beauty of nature with picturesque architecture, Sinaia is a formal royal residence and bears a holy name, that of Mount Sinai. The 17th International Conference on System Theory, Control and Computing will be hosted by Palace Hotel (<http://www.palace-sinaia.ro/>), built in 1911 and located closely to the downtown and within walking distance to Sinaia Monastery and Peleș Castle (one of the best-preserved royal palaces in Europe which served as the summer residence of the first king of Romania, Carol). This stylish hotel is the best choice for pretentious tourists, for conferences and meetings.
